HARD SKILLS

- Docker, Kubernetes, AWS
- Microservices, DDD, SOLID
- Gitlab, Github, CI, CD
- API REST, 3rd party integrations
- PHP, Symfony, Yii
- MySQL, Mongo, Redis, RabbitMQ

SOFT SKILLS

- Communication & Collaboration
- Problem-solving
- Empathy
- Adaptability
- Time management
- Attention to detail
- Creativity
- Critical thinking
- Continuous learning

EDUCATION

IES Nicolau Copèrnic, Terrassa

- 2013 - 2014 Técnico superior en Desarrollo de Aplicaciones Multiplataforma (DAM)
- 2012 - 2013 Técnico superior en Desarrollo de Aplicaciones Web (DAW)
- 2010 - 2012 Técnico superior en Administración de Sistemas Informáticos en Red (ASIX)

LANGUAGES

- Spanish & Catalan: native
- English: B2

OTHER INTERESTS

- IoT, smart homes
- 3d printing

WORK EXPERIENCE

ATRÁPALO | SENIOR BACKEND DEVELOPER

June 2019 - now (4 days per week remote)

I work in the Urban Leisure team, managing activities and shows.

- Integrating third-party services via **REST APIs** to enrich and enhance the company's catalog. Symfony based **microservices** with a focus on **DDD** and hexagonal architecture.
- Project management and communication with external teams.

Main Contributions:

- Conducting **internal training sessions** to improve team productivity and visibility of work.
- Worked on improving continuous integration, pipelines, and migrating **Docker Swarm** stack to **Kubernetes**.
- Maintaining legacy code to gradually migrate functionality to new microservices, enhancing scalability.

JOYNERS | BACKEND DEVELOPER

July 2018 - June 2019 (full time on-site)

I worked closely with the CTO to develop functionality at both the backend and frontend levels.

- Utilized **Yii2** framework and implemented best practices like **SOLID**.
- Managed **web server and configuration**.
- Conducted backups on S3
- Managed project entirely using Bitbucket

FREAKSHEEP | SYSADMIN, BACKEND DEVELOPER, CO-OWNER

December 2014 - June 2018 (remote and on-site)

Entrepreneurial project dedicated to developing multi-platform applications and services.

- Proficient in creating and managing **cloud infrastructures** using **AWS**.
- Implementation of **web hosting systems** (ISPConfig3.1, EC2, RDS, VPC, Route53) and backup systems (S3).
- Integration with **Google Workspace**.
- Experienced in project management utilizing Bitbucket, Slack, and JIRA for efficient collaboration.
- Extensive experience in corporate and custom **website development** using WordPress and Prestashop.
- Competent in **web application development** using **Symfony2** and **AngularJS** and in smartphone application development using **ionic1**
